Bajaj Sunny	60 cc (petrol scooter)
Bajaj Saffire	92.0 cc (petrol scooter)
Bajaj Chetak (classic petrol scooter)	145.45 cc
Bajaj Legend	145.45 cc (scooter)
Bajaj Spirit	60 cc (scooter)

Notes: Bajaj's current official lineup can change by variant and market. The list separates current/recent models from older or discontinued models. Engine capacity may differ slightly between model years and variants. Chetak is electric, so cc does not apply. Bajaj does not currently list a conventional petrol scooter in its main Indian lineup; the petrol scooters shown are historical/discontinued.

Reference: Bajaj Auto official motorcycle catalogue and model specification pages (bajajauto.com). Historical entries are included as a practical reference, not as a claim that every model remains on sale.
